SUMMARY

Computer Science student at the University of Central Punjab with 6 months of hands-on Frontend Web Development internship experience. Proficient in React.js, Next.js, and Tailwind CSS, with growing expertise in full-stack MERN development (MongoDB, Express.js, Node.js) and automated web scraping. Passionate about writing clean code and building scalable web applications.

WORK EXPERIENCE

Techificent — Frontend Web Development (Internship)

March 2024 – Sept 2024

Car Rental Website

- Developed a responsive car rental website using React.js and Tailwind CSS.
- Integrated dynamic features allowing users to view detailed vehicle specifications and browse high-quality media assets seamlessly.
- Enhanced user navigation and experience by implementing smooth scrolling utilizing React Scroll.

Internship Projects

During my professional internship, I contributed to the development of multiple high-performance web applications using React.js and Next.js.

ACADEMIC PROJECTS

DealBaazar — Full Stack E-Commerce Platform

Developed a scalable e-commerce application using the MERN Stack (MongoDB, Express.js, React, Node.js) and Next.js. Implementing product catalogs, authentication, and secure checkout workflows, focusing on high performance and clean code architecture.

EDUCATION

2022 – 2026 (July) Bachelor in Computer Science, University of Central Punjab

2018 – 2022 DAE, PCSIR-Lahore

2016 – 2018 Matriculation, BISE Lahore

CERTIFICATIONS

AWS Academy Cloud Foundations — AWS Academy, 2025

TECHNICAL SKILLS

Languages: C/C++, JavaScript, HTML/CSS, SQL

Frameworks: React.js, Next.js

Developer Tools: GitHub, AWS, VS Code

Libraries: Bootstrap, Tailwind CSS
